Dear Colleague:

We invite you to join us in sending the following letter to President Obama regarding the sale of F-16s to the Republic of China (Taiwan).

As you know, in 2010, the Obama Administration released a \$6.4 billion arms package to Taiwan that included Patriot missiles, Black Hawk helicopters, mine hunters and military communications equipment. While we welcomed this very positive step, we were disappointed the package did not include sixty-six F-16 fighter aircraft that Taiwan has sought as well.

Taiwan lives under a constant military threat from the People's Republic of China (PRC), which has an estimated 1,400 short and medium-range ballistic missiles pointed directly at Taiwan. The U.S. Defense Intelligence Agency recently concluded that Taiwan's air defense is showing increasing vulnerability due to the aging of their air force fighter aircraft, in contrast to the PRC's increasing military capabilities.

Taiwan is a fellow democracy facing a very serious threat. At this crucial time in their history and in U.S.-Taiwan relations, we hope you will join us in sending this important letter, to ensure our ally's future security and stability. If you would like to sign, please contact Jeremy Kadden of Rep. Berkley's staff at jeremy.kadden@mail.house.gov.

Dear Mr. President:

We are writing to express our concerns about the military imbalance in the Taiwan Strait. In order to maintain peace and stability in the Taiwan Strait, we believe it is critical for the United States to sell to the government of Taiwan all the F-16C/D aircraft it requestes. We respectfully request that your administration move quickly to announce its support for such a sale and submit the required Congressional Notification for a sale as soon as possible.

Successive reports issued by U.S. and Taiwanese defense authorities outline the threat Taiwan continues to face, including the continued military buildup by the People's Republic of China. For example, Beijing has more than 1,400 missiles aimed at Taiwan and continues to add to this total. China is forging ahead and deploying next generation military technology. Military experts both in Taiwan and in the United States have raised alarms that Taiwan is losing its qualitative advantage in defensive arms that have long served as a primary military deterrent.

Due to impending changes within Taiwan's force structure, we respectfully urge a timely resolution to the aircraft sale issue. Within the next decade Taiwan will retire 70% of its fighter force and without new fighter aircraft and upgrades to its existing fleet of F-16s, Taiwan's situation could become quite precarious.

As you know, the Taiwan Relations Act of 1979 (TRA) states that it is U.S. policy "to consider any effort to determine the future of Taiwan by other than peaceful means...of grave concern to the United States." We remain deeply concerned that delays in the decision on the sale of F-16s to Taiwan and subsequently notifying Congress of their sale could very well result in closure of the F-16 assembly line. In addition to enhancing Taiwan's security, approval of the pending sale would support thousands of American jobs-especially well-paying jobs in the manufacturing sector.

Thank you for your consideration. We look forward to your reply.

Sincerely,

As I've mentioned, Park Strategies, LLC, Park Strategies Managing Director Senator Alfonse M. D'Amato, and I are registered with the U.S. Department of Justice, under the Foreign Agents Registration Act, as agents on behalf of our client, the Taipei Economic and Cultural Representative Office (TECRO) in the United States.

Dear Mr. Britton

Good morning. My Name is LaShaun Lesley, a member of the Park Strategies team and a colleague of former Congressman Vito Fossella. To begin, I have to inform you that Park Strategies, LLC and I are registered with the U.S. Department of Justice, under the Foreign Agents Registration Act, as agents on behalf of our client, the Taipei Economic and Cultural Representative Office (TECRO) in the United States.

I am contacting you on behalf of former Congressman Vito Fossella, who suggested I reach out to your office to invite Congressman Costello to join a CODEL to Taiwan that is slated for May 15th- 19th 2011. I know this is very late notice, but if Congressman Costello's schedule allows for it, Mr. Fossella we would be thrilled for him to join this CODEL that's being led by Congressmen Phil Gingrey (R-GA) and Mario Diaz-Balart (R-FL). As a member of the Congressional Taiwan Caucus and Senior Member on the Transportation and Infrastructure Committee, Mr. Costello would undoubtedly enjoy a chance to ride Taiwan's western coast High Speed Rail, and to hear of the island's plans to add a third terminal to its Taipei Taoyuan International Airport. What's more, Taiwan is still seeking meaningful participation in the International Civil Aviation Organization (ICAO).

While Congressmen Gingrey and Diaz-Balart are going for all four days (May 15th- 19th), Congressman Costello can come and go on the trip for as long or as short a time as he pleases. Please also note that no U.S. taxpayer dollars would be used to finance this trip, as all necessary travel funds would be administered via the U.S. State Department's Mutual Educational and Cultural Exchange Act (MECEA) program.

Again, we apologize for the short notice of this invitation. Please let us know whether or not Congressman Costello might be interested to join the trip, and we'll send you more details.

Dear Colleague:

We invite you to join us in sending the following letter to President Obama regarding the sale of F-16s to the Republic of China (Taiwan).

As you know, in 2010, the Obama Administration released a \$6.4 billion arms package to Taiwan that included Patriot missiles, Black Hawk helicopters, mine hunters and military communications equipment. While we welcomed this very positive step, we were disappointed the package did not include sixty-six F-16 fighter aircraft that Taiwan has sought as well.

Taiwan lives under a constant military threat from the People's Republic of China (PRC), which has an estimated 1,400 short and medium-range ballistic missiles pointed directly at Taiwan. The U.S. Defense Intelligence Agency recently concluded that Taiwan's air defense is showing increasing vulnerability due to the aging of their air force fighter aircraft, in contrast to the PRC's increasing military capabilities.

Taiwan is a fellow democracy facing a very serious threat. At this crucial time in their history and in U.S.-Taiwan relations, we hope you will join us in sending this important letter, to ensure our ally's future security and stability. If you would like to sign, please contact Jeremy Kadden of Rep. Berkley's staff at jeremy.kadden@mail.house.gov.

Dear Mr. President:

We are writing to express our concerns about the military imbalance in the Taiwan Strait. In order to maintain peace and stability in the Taiwan Strait, we believe it is critical for the United States to sell to the government of Taiwan all the F-16C/D aircraft it requestes. We respectfully request that your administration move quickly to announce its support for such a sale and submit the required Congressional Notification for a sale as soon as possible.

Successive reports issued by U.S. and Taiwanese defense authorities outline the threat Taiwan continues to face, including the continued military buildup by the People's Republic of China. For example, Beijing has more than 1,400 missiles aimed at Taiwan and continues to add to this total. China is forging ahead and deploying next generation military technology. Military experts both in Taiwan and in the United States have raised alarms that Taiwan is losing its qualitative advantage in defensive arms that have long served as a primary military deterrent.

Due to impending changes within Taiwan's force structure, we respectfully urge a timely resolution to the aircraft sale issue. Within the next decade Taiwan will retire 70% of its fighter force and without new fighter aircraft and upgrades to its existing fleet of F-16s, Taiwan's situation could become quite precarious.

As you know, the Taiwan Relations Act of 1979 (TRA) states that it is U.S. policy "to consider any effort to determine the future of Taiwan by other than peaceful means...of grave concern to the United States." We remain deeply concerned that delays in the decision on the sale of F-16s to Taiwan and subsequently notifying Congress of their sale could very well result in closure of the F-16 assembly line. In addition to enhancing Taiwan's security, approval of the pending sale would support thousands of American jobs-especially well-paying jobs in the manufacturing sector.

Thank you for your consideration. We look forward to your reply.

Sincerely,

Valerie Levin

Dear Rob,

Hi, how are you? I hope and trust all's well. As you know from our correspondences, Park Strategies, LLC and I are registered with the U.S. Department of Justice, under the Foreign Agents Registration Act, as agents on behalf of our client, the Taipei Economic and Cultural Representative Office (TECRO) in the United States.

Rob, I am working on getting congressional members signed on to the attached House Taiwan Caucus letter, asking President Obama to sell F-16s to Taiwan. I would like to know the name of the person in your office who handles foreign affairs and/or military relations. I would like to discuss with him or her the possibility of Congressman Shuster signing on to the letter. I've also attached a list of the 135 Members who have already signed the letter as of Friday, June 24th. Will you please send me the e-mail contact of the person that I should reach out to?

Thanks,

LaShaun

LaShaun,

Thanks for looking into this. It doesn't appear that Bill is going to be able to make that trip during the August recess. Again, thanks for your diligence in trying to make it work.

Mr. Simms,

Good afternoon. My name is LaShaun Lesley. About a week ago, you and I spoke about Congressman Shuster possibly travelling to Taiwan with his son and having it paid through a private sponsor. Before I proceed, I have to reiterate that Park Strategies and I are registered with the U.S. Department of Justice, under the Foreign Agents Registration Act, as agents on behalf of our client, the Taipei Economic and Cultural Representative Office (TECRO) in the United States.

In principle, we've been told by Taiwan's representatives that travel to Taiwan through a private sponsor can in fact be arranged. As soon as Congressman Shuster has decided if and when he would be able to visit Taiwan, alone or with another Member, we will happily help coordinate his travel logistics. Please let us know whatever other questions you and/or Congressman Shuster might have.

Best,

LaShaun Lesley

Dear Mr. Britton

Good morning. My Name is LaShaun Lesley, a member of the Park Strategies team and a colleague of former Congressman Vito Fossella. To begin, I have to inform you that Park Strategies, LLC and I are registered with the U.S. Department of Justice, under the Foreign Agents Registration Act, as agents on behalf of our client, the Taipei Economic and Cultural Representative Office (TECRO) in the United States.

I am contacting you on behalf of former Congressman Vito Fossella, who suggested I reach out to your office to invite Congressman Costello to join a CODEL to Taiwan that is slated for May 15th- 19th 2011. I know this is very late notice, but if Congressman Costello's schedule allows for it, Mr. Fossella we would be thrilled for him to join this CODEL that's being led by Congressmen Phil Gingrey (R-GA) and Mario Diaz-Balart (R-FL). As a member of the Congressional Taiwan Caucus and Senior Member on the Transportation and Infrastructure Committee, Mr. Costello would undoubtedly enjoy a chance to ride Taiwan's western coast High Speed Rail, and to hear of the island's plans to add a third terminal to its Taipei Taoyuan International Airport. What's more, Taiwan is still seeking meaningful participation in the International Civil Aviation Organization (ICAO).

While Congressmen Gingrey and Diaz-Balart are going for all four days (May 15th- 19th), Congressman Costello can come and go on the trip for as long or as short a time as he pleases. Please also note that no U.S. taxpayer dollars would be used to finance this trip, as all necessary travel funds would be administered via the U.S. State Department's Mutual Educational and Cultural Exchange Act (MECEA) program.

Again, we apologize for the short notice of this invitation. Please let us know whether or not Congressman Costello might be interested to join the trip, and we'll send you more details.

Best Regards,

LaShaun Lesley
